## 1. Identification of the substance

Name 2440 - 2447 Crayons

## 2. Composition / Information on Ingredients

Ingredients Hydrocarbon wax, paraffin, plant-based stearin, beeswax, pigments.

## 3. Hazard Identification

Inhalation Mist or fumes may cause irritation or coughing.

Eyes Harmless when cold, heated wax may cause burns.

Skin Harmless to skin when cold, heated wax may cause burns.

Ingestion Harmless if swallowed in small doses, but larger amounts may cause nausea and diarrhoea.

Low order of toxicity.

#### 4. First Aid Measures

Inhalation N/A

Eyes Rinse out with water Skin Rinse off with water

Ingestion Rinse out mouth and drink plenty of water. In case of persistent symptoms seek medical

treatment.

## 5. Fire and Explosion Hazard Data

Extinguishing Media Suitable extinguishing media: Alcoholic resistant foam, CO2

Special Fire Fighting Procedures Wear self contained breathing apparatus and protective clothing to prevent contact with skin

and eyes.

Flash point: > 180 °C

## 6. Accidental Release Measures

In Case of Spill If molten, allow to solidify, scrape up and dispose of as solid combustible material.

## 7. Special Storage and Handling Precautions

Storage Avoid storing in temperatures exceeding 55 deg. Store out of direct sunlight and away from

heaters, radiators and hot pipes.

Handling Protection No special precautions other than protection from splashing or contact with molten material.

#### 8. Exposure Control / Personal Protection Information

Exposure Limits N/A
Eye Protection N/A

Skin Protection Heated wax should be handled with caution and suitable protective clothing worn.

Ventilation Normal ventilation

# 9. Physical Data

Physical state at room Waxy solid

Temperature

Form supplied Solid

Odour in physical state Practically odourless

## 10. Reactivity Data

Stability Stable. Don't mix with other chemicals

Hazardous Decomposition No hazardous decomposition products known

**Products** 

Condition to avoid: Temperature > 55 °C

# 11. Toxicological Data

Experiences made in praxis

No documentation available / no toxicological problems are to be expected Additional information:

The product is "CE EN71" / "AP conforms to ASTM D-4236" / "spiel gut"

# 12. Ecological Information

No documentation available. No ecological problems are to be expected when the product is handled and used with due care and attention. Do not discharge product unmonitored into the environment

# 13. Disposal Considerations

Disposal of waste product Treat as solid combustible materials and dispose in accordance with local regulations.

WC-Code 12 01 12 Spent waxes and fats

Disposal of packaging – cartons Cartons may be returned to the appropriate used paper recycling point.

# 14. Transportation

Designation Non-hazardous

Special Precautions None

## 15. Regulatory Information

There is no regulatory material available.

## 16. Other Information
